

Gaël Marsan

ENGINEERING STUDENT - 22 YO
5TH YEAR ICAM - WWW.ICAM.FR
(INSTITUT CATHOLIQUE D'ARTS ET MÉTIERS)

PERSONAL PROFILE

I'm passionate about **motorsport** and aspire to become a Formula 1 engineer. I would like to be involved in the development of this high-performance sector.

CERTIFICATIONS

- **2026 - MSc Engineering Automotive**
- **2025 - TOEIC** English Certificate (**B2** level)
- **2022 - French driving licence**
- **2021 - Scientific Baccalaureate** (Mathematics, Physics, Science of Engineering)

INTERNATIONAL EXPERIENCE

4-month trip as part of my 3rd year at ICAM

- **June 2024: Greece.** I met some local people, managed my budget, took care of the environment
- **July-September 2024: Italy.** I learnt how to speak Italian in a Roman family

SKILLS

- Car Suspension Design
- CAD software SolidWorks
- Web development
- 3D Printing
- Electronics
- Project management

LANGUAGES

French
English
Italian
Spanish

PERSONALITY

- Serious
- Organised
- Creative
- Determined
- Collaborative

EDUCATION

WREXHAM UNIVERSITY (North Wales, UK)

Engineering school / 2025 - 2026

Master of Science Engineering Automotive (Level 7)

- **Research Dissertation:** VW Beetle / Porsche 356 Front Suspension Redesign (Torsion bar to Double wishbone)
- **Advanced automotive design:** Double Wishbone suspension design concept for Formula Student UK
- **Postgraduate courses:** Mechanical Systems Modelling with ANSYS Software (CFD & Composites), Powertrains study

ICAM (Toulouse, France)

Engineering school / 2021 - 2027

Key Modules: Mathematics, Physics, Science of Engineering

ENGINEERING CYCLE (Master equivalent)

- (4th y) **Thermal/Electronics Projects** : Thermal response analysis of a PCB / Buck-Boost converter (PLECS simulation)
- **Computer Sc Projects** : Web and Mobile app development
- (3rd y) **Mechatronics Project** : Electric bike motorisation (PCB design, Brushless motor control)
- **PREPA PTSI/PT (Bachelor equivalent)**
- (2nd y) **Engineering Project** : Project Manager (electronics part) for a solar panels cleaning robot
- (1st y) **Robot Project** : Project leader (3D printing, SolidWorks)

WORK EXPERIENCE

Restaurant Team Member

Les Beigneurs (Toulouse, France) / October 2024 - May 2025

- Multitasking in the restaurant (food preparation & sales)

Science Tutor

Complétude (Toulouse, France) / Academic year 2023-2024

- Tutoring for high school students (Mathematics, Physics)

Intern - First Corporate Assignment

MultiTech 3D (Plaisance-du-Touch, France) / July August 2023

- 3D printing, 3D design, 5S method

Intern - Operator Work Experience

@Iloburo (Launac, France) / June July 2022

- Various tasks in the logistics sector (school supplies)
